## American Rescue Plan Act (ARPA) Funds

Please return the completed survey with your water payment, drop off at office, or put in the drop box at the Administration Building.

Hampton Township will be receiving an estimated \$982,000 from the American Rescue Plan Act, also known as ARPA. These funds will be distributed in two installments from the State, with 50% provided sometime in 2021 and the balance delivered approximately 12 months later.

The Board of Trustees is seeking your input and ideas on how to spend the ARPA funds in our community. These funds may be used to cover costs incurred by December 24, 2024. The purpose of these funds is to help communities respond to the COVID-19 pandemic, address economic fallout, and lay the foundation for a strong equitable recovery. The U.S. Treasury released guidelines on how these funds can be used and there are four main categories for eligible expenditures:

- To respond to the COVID-19 public health emergency or its negative economic impacts
- To respond to workers performing essential work during the COVID-19 pandemic by providing premium pay to eligible workers
- To provide government services affected by the revenue reduction from COVID-19
- To make necessary investments in water, sewer and broadband infrastructure

**Please note these funds can be used for more than one (1) project.** For instance, a suggestion already received is to replace our old playground equipment and make other improvements to our parks. This is an allowable project through ARPA.
