UNFINISHED BUSINESS:

There was no unfinished business

NEW BUSINESS:

New Hope Bay, 668 N Pine Rd. appeared before the board to request a variance of 0.08% from the total lot coverage of 25% required in the business district to construct a 1200 sq. ft. addition to an existing building.

Rich Vantol, representing New Hope explained the need for the addition with the building being used as a daycare/Montessori school. The school would allow children to interact with the elderly.

Discussion was held on the following: The canopies already constructed are included in the total lot coverage. The attorney noted that there has to be a hardship unique to said lot in order to grant the variance. The applicant was aware that the maximum lot coverage was met when constructing the second phase. The building in question was supposed to be removed when the last phase was built. A special use permit was granted to keep the building to be used as a daycare.

At this time the public hearing was open to the public.

The applicant stated that the land to the east of the property is owned by Consumers Energy for their towers. The property owners to the north are not willing to sell any land at this time. Could that be the hardship?

At this time the meeting was closed to the public.

Motion by Wisniewski to deny the variance request, no one seconded the motion.

Motion by Howell seconded by Spyhalski that the Board of Appeals of the Charter Township of Hampton, hereby reverses the denial of a building permit to New Hope Bay, 668 N Pine Rd., under Notice of Appeal No. 21-06, for the reason that there is either unnecessary hardship (or)
